

# CLOSE WATCH ON THE VOTE OF OKLAHOMA

Baby State Of The Union The Scene Of Troublesome Election And Strange Campaigning.

## REPUBLICANS HOPE TO WIN CONTEST

Many Features Of The Campaign Make The Election There A Novel One--Review Of The Situation.

By W. F. KERR.

Oklahoma City, Okla., Oct. 20.—So far as state issues are involved the campaign in Oklahoma consists of a well defined policy of attack by the republicans upon the acts of the state administration and of the first state legislature, and the corresponding policy of defense by the democrats who are in power and who are responsible for the laws enacted by the first legislature. Aside from the issues involved, the campaign on the whole is spectacular in that it represents a party, absolutely shorn of convincing issues during the campaign of last year when the constitution was presented for adoption, and which was in power, through appointment, for 18 years under territorial government, seeking to regain a state lost to the democrats by a majority of about 10,000. More lustre is added to the spectacle by the defense the democrats are making of the actions of their

THOMAS P. GORE.

leaders under statehood, who are responsible for both issues and men that have become national in their importance.

Oklahoma's constitution provides that the state officers shall be elected for a term of four years and that they shall not be eligible to immediately succeed themselves. Hence the state has no gubernatorial contest this year. United States Senator Thomas P. Gore, who drew the short term upon his induction into congress last year, is a candidate for re-election this year. The republican nominee is Dennis Flynn, who was for a number of years delegate in congress from Oklahoma territory. Senator Gore has thus far practically all his time to the national democratic committee, while Governor Haskell, in defense of the party's principles in the state, has canvassed a large part of the state in opposition to Flynn. The latter has in a large measure confined his speeches to attacks upon the state administration rather than the discussions of national issues.

Chief Justice Robert L. Williams of the state supreme court and Associate Justice Samuel H. Hayes, who drew short terms last year, and Corporation Commissioner A. P. Watson, a short term, are democratic nominees for re-election. The republicans have nominated Joseph A. Dickinson of Chickasha, former United States judge of the southern districts of Indiana territory, for chief justice, while A. R. Reynolds of Atoka is that party's nominee for corporation commissioner. All members and half of the members of the state senate are to be elected this year.

Paramount issues of the campaign are the depositors' guaranty law, the principles of which form a plank in the national democratic platform, the disposition of the state school lands and taxation. Only lukewarm support is given the first of these issues by the republicans thus far, few republican national bankers being in favor of the guaranty law. Extravagance is charged in the second of these issues. Under statehood the state has two million acres of school land and

a school fund of \$6,000,000 to handle. A farm loan department has been established by the school land commission and through loans and bank deposits the \$5,000,000 school fund appropriated by congress under the terms of the enabling act has been disposed of. An abundance of red tape necessarily is found in the school land department and thus avenues of attack have been discovered by the republicans. The issue has gone so far as to be taken up by the national republican committee and recently that committee issued a campaign document, in which it was charged that the school fund is being squandered by democratic politicians.

But Oklahoma republicans have found the matter of taxation the most vulnerable point of attack, for the humblest citizen can be reached with an argument involving that subject. The assessors and the state equal-

ized, who adopted resolutions condemning Governor Haskell and planned for furthering the campaign. Democratic clubs in every county of the state have expressed confidence in the integrity of Governor Haskell and excoriated the president.

In the meantime Governor Haskell continues to address letters to the president and threaten suits against the president and Hearst and Little. If any of the interest that was centered in Oklahoma seems to have been lost.

In the first, second and third congressional districts heated battles are being waged and many issues involving the interior department's dealings with the Indians and necessary legislation for the redskins are discussed. Scenarios that would involve the national administration if proven are threatened in some places. Third S. McGuire, the successor of Dennis Flynn as territorial delegate in congress, is a candidate for re-election in the first district. He is opposed by State Senator Henry S. Johnston, who was a member of the constitutional convention and of the first state legislature, and is advocated by the administration candidate. In the second district L. E. Fulton, the present incumbent, democrat, is opposed by Richard T. Morgan, former register of the United States land office at Woodward, one of the early-day presidential appointees. Congressman James S. Davenport, democrat, has the support of the state administration and the independent oil operators of the third district against C. E. Greager of Muskogee, Congressman Charles D. Carter of the fourth district has a republican opponent in the person of Maj. J. S. Hackett of McAlester, Congressman Scott Ferris of the fifth has no republican opposition. The fourth and fifth districts are usually conceded to the democrats.

## IMPOSING SERVICES AT FINAL BURIAL

Bishop Potter's Remains Laid to Rest in Cathedral of St. John the Divine.

[SPECIAL TO THE GAZETTE.]

New York, Oct. 20.—Imposing services marked the final entombment today of Bishop Henry C. Potter of the Episcopal diocese of New York, who died last July at his home in Corners, N. Y. A great crowd assembled for the services this morning at Grace church, the first parish in which the Bishop officiated in New York and where twenty-five years ago today he was consecrated.

Following the services in Grace church, which were conducted by Bishop Greville, the final service took place in the new Cathedral of St. John the Divine, at Morningside Heights, where the body was placed in a magnificent tomb prepared for it in the crypt. The Cathedral, which it is expected will require nearly one hundred years to complete, was the conception of Bishop Potter and will be his chief monument.

## POLITICIANS BEGIN THEIR FINAL TOUR OF THE STATE

Wisconsin Republicans Have Plans For Thorough Canvass Of The State Before Election Day.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Oct. 20.—The political campaign in Wisconsin has doubled in intensity this week, both parties putting out more speakers and events accumulating to give interest in this hitherto almost wholly uninteresting "country-saving" time. Senator La Follette addressed two meetings in this county yesterday, opening at Mount Hope, in the afternoon, and speaking to a rally in the opera house at Sheboygan in the evening. He spoke long but the most important elements of his speech aside from the ordinary campaign spellbinding were his warm praise for the personality and leadership of Bryan, his prediction of the overthrow of J. G. Cannon as speaker of the house of representatives and his declaration that the democratic party is a hopeless party so far as it offers any opportunity for the accomplishment of needed reforms. Some republicans are disappointed by this speech, declaring that it is not a sincere and effective advocacy of the republican party and its principles. Opinion is divided as to whether the speech will win many votes for the republican state and national tickets, but the impression seems to prevail that the address must tend to make the senator "solid" with the large number of democrats who have supported him in his many fights in this state in the past.

Governor Davidson is out on a long and arduous trip, which will not end until the campaign is completed. As many as 11 speeches in a single day are scheduled for him. He began last night at Portage and made a tremendous hit with a large audience. The speech was unexpectedly pleasing to the many La Follette followers in the audience, because Governor Davidson reiterated his views of two years ago, respecting the tariff, declaring by repeating a quotation from a speech of two years ago by himself, that he was in favor of prompt and effective revision of the tariff, generally decreasing the schedules and applying the true principle of protection, which is "in charge just the difference between the cost of production in this country, and in the competing country. This is precisely the view of the La Follette people, who made such a strenuous fight in the recent republican state convention to secure the adoption of the La Follette plank which was defeated at the national convention. Governor Davidson was opposed to adopting that plank, preferring to line the republicans of Wisconsin squarely in accord with the national platform.

An interesting incident of the campaign is the entry of Senator H. L. Ekern of Trempealeau county as an independent candidate for re-election to the assembly, against the regular republican nominee, Arthur Twomey. The latter was nominated at the primary election by 346 majority of Ekern and now the speaker declares that the means to accomplish his defeat were so bad that he is in duty bound to repudiate the primary election result and stand as an independent candidate. He says that his friends assure him, that his defeat was accomplished by a jobber of the hands of Senator Stephenson, the insurance companies and the liquor interests and old stalwarts. He says that a majority of the voters were caught unaware and will not be so caught at election time.

## DO IT NOW

Janesville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the kidneys are neglected until they become seriously diseased. The slight symptoms given place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headache, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. Chas. Toller, living at 138 Washington St., Janesville, Wis., says: "My husband thinks Doan's Kidney Pills to be just as represented. He used them for kidney trouble with the best of results. For some time, his back was weak and lame and he had pain across his loins. He used a number of kidney remedies but none of them gave him any relief. Finally I saw Doan's Kidney Pills recommended in the papers and went to the People's Drug Co. and procured a box for him. The result of their use was very satisfactory. The pains in his loins and the backaches left and he has had no return of the annoying ailment."

## DO IT NOW

Janesville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the kidneys are neglected until they become seriously diseased. The slight symptoms given place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headache, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

**Consumption and Dentistry**

It is the general accepted belief among professional medical men that consumption comes from infections through the stomach as much as from the lungs only.

We are continually breathing in millions of disease germs. If teeth are decayed, these germs lodge in the decayed spots and multiply by the thousands. They then pour into the stomach and multiply still faster.

This is true not only of the tubercular germ, but of all other disease germs, and it is well to see that your teeth are in good shape so as to prevent sickness.

The teeth are of great importance to your health more than you ever thought.

It's a long story, but I will be glad to have you call for a pleasant visit at any time and talk over the subject with you.

I'll examine your teeth if you wish and tell you how much it will cost to put your mouth in perfect order. You need not feel obliged to have the work done at once.

**MANY SPEAKERS START ON STUMP**

MEETINGS WILL BE HELD FROM NOW UNTIL ELECTION DAY.

**NO LACK OF INFORMATION**

Residents of Rock County Will Not Complain They Have Not Been Informed On Issues of the Day.

From now until election day Rock county residents will have no reason to complain they have not been given proper information as to the issues of the present campaign. Secretary Ray Clarke of the Rock county republican committee, who has charge of the speakers program is arranging dates for meetings throughout the county as fast as he can secure halls for them and find speakers to talk on the questions at stake in the coming election.

Tonight's meetings. In Beloit this evening a most interesting meeting is to be held at the Opera House at which H. M. Rump, president of the Beloit Taft and Sherman club, William H. Dougherty of Janesville and Wallace Ingalls will be the speakers. Mr. Dougherty is the latest acquisition to the ranks of the republican speakers and will give a clear and concise statement of why he supports the republican platform instead of the democratic with which he has formerly been associated. Mr. Dougherty will also be heard in other parts of the county before election day.

Cooper at Orford. Congressman Cooper speaks at Orfordville this evening and his address is said to be a strong argument for the election of Taft and the entire republican ticket. Later Mr. Cooper is to speak in Beloit and perhaps in other places in Rock county. The Beloit Taft-Sherman club have invited him to speak before their club which is composed of a thousand members, all employed in the Line City shops.

Other Arrangements. On the twenty-second there will be a meeting at Harmony Town Hall at which John L. Fisher and Ray W. Clarke will speak and at Newark at which H. W. Adams and Charles Hemmingsway will be the speakers. On the twenty-third J. L. Fisher and Wm. Dougherty speak at Johnson center and the twenty-fourth at Innover. On the twenty-sixth Arthur Fisher and Chas. Hemmingsway speak at Magnolia hall and on the twenty-eighth at Center hall.

**In Milwaukee.**

Today Mr. Clarke is in Milwaukee attending the meeting of the chairmen of the different county committees and their delegates. Mr. Clarke was unable to leave and Mr. Clarke will represent Rock county. On his return the program for the rest of the time between now and election will be completed. It is thought that perhaps two speakers from outside the county will be secured for Milton and other towns. M. G. Jeffers will give two nights to speaking in the county and it is probable that Senator Whitehead will also be billed for several more addresses.

**Closing Rally.**

Chairman McNamara is engaged at present trying to secure the services of former Secretary of the Treasury Shaw. Congressman Landon or Congressman Fuller for addresses in Janesville, Beloit, Edgerton and Evansville and will go to Chicago this week to confer with the National Committee relative to the matter.

**NEW CHAUTAUQUA FOR JANESVILLE**

Plans Are Now Under Way For Organization of A New Association Here.

Plans are now under way for the formation of a new Chautauqua association in Janesville. At a meeting held in the Y. M. C. A. building last evening Roy J. W. Laughlin was appointed temporary chairman. Rev. J. H. Tipton, Rev. W. P. Christy, Rev. John McKinney, Rev. L. A. McIntyre, Prof. H. C. Huell, Secretary J. C. Kline of the Y. M. C. A., Rev. R. C. Denison, Rev. J. C. Huxley, Father W. A. Goshel, Dean E. E. Kelly and others who were unable to be present gave their endorsement to the plan as outlined.

This plan is to form a purely local association on a co-operative basis with all dividends turned over to a permanent Chautauqua fund for providing permanent and more improved Chautauqua grounds. The program will be nonsectarian and inclusive of everybody and generally elevating, entertaining and educational in its purpose and nature.

At the meeting it was voted that Roy J. W. Laughlin request each of the pastors of the city to make a definite expression of their opinion in their respective churches and report whether the consensus of opinion seemed to be in favor or against. It will not be undertaken unless there is strong public opinion back of the idea holding a Chautauqua. A number of business men have expressed themselves in favor of the idea and as willing to work in its favor.

**PYTHIANS WILL GIVE A SERIES OF SOCIALS COMMENCING NEXT MONDAY**

Several Candidates Took Work in the Second Degree Last Evening—Resolutions Adopted.

Oriental Lodge No. 22, Knights of Pythias, at the regular meeting last evening, passed resolutions of respect for the late R. J. Richardson and Frederick Van de Water, who were members of the order during their lifetime. Work in the second degree was taken by several candidates. Next Monday evening a social meeting will be held and a committee of eight was appointed to make the arrangements. It is the purpose of the Pythians, this winter, to hold a series of socials open to members and their families and the plan is expected to meet with general approval among the lodge members.

**OWEN M'GINNITY TO BE WEDDED TOMORROW**

Former Janesville Boy Will Be Married in City of Chicago Tomorrow.

Owen McGinnity, a brother of Rev. J. J. McGinnity of this city, is to be married in Chicago tomorrow. Mr. McGinnity formerly lived in Janesville, leaving here about seven years ago. He is now engaged in the real estate business in Gary, Ind., the town which the United States Steel company is building for its employees. He was at one time employed in a local dry-goods store.

**GOOD FISHING NOW FOR FIRST TIME THIS SEASON**

Newton O. Gage and John Reed, Who Are Here from Lake Waubesa, Say Bass Are Biting at Last.

Owing to the dry spell and low water, perhaps, the past summer has been a poor one for the fishermen. But Newton O. Gage and John Reed, who are here today from Lake Waubesa, bring cheering news to all disciples of the pastime piscatorial. They say that white and black bass, pickerel and perch are now jumping crazy for any sort of bait. Mr. Reed pulled out a ten-pound pickerel the other day with just an ordinary anglerworm.

Joe Miller, the Warrens Bank-Robber Who Is Going to Waupun for 15 Years, Made Odd Mistake.

Sheriff C. H. Millard of Monroe county, who was here last week to "take" Joe Miller, held for trial next Monday on the charge of robbing Herman Peschke, writer to Chief of Police George Appleby from Spar-ta to the effect that Joe Miller, who was implicated in the Warrens bank robbery, has been sentenced to serve 15 years in the penitentiary. He also stated that he is now convinced that Gale was not the man he was looking for.

While here, Sheriff Millard said to Chief Appleby: "Do you know that Miller is going to plead guilty largely on your account?" It appears that a Pinkerton detective of rather general physical proportions was employed by the bank to run down the authors of the crime. When he visited the jail to talk with Miller and try to catch some bits of paper money which had been blown to pieces, with tattered remnants found among the \$25 or more taken from the prisoner's pockets and socks, he asked Miller if he did not remember him. "The latter answered readily that he did not," said the sheriff.

"I know you all the time, but I wasn't feeling good last night. You are Mr. Appleby of Janesville who used to live in Beloit."

"That's right," said the detective. "I didn't think you'd forgotten me."

The detective had known the man in Chicago. Chief Appleby had also conversed with him when he used to hang out at "The Willows" in Beloit and once came within a hair's breadth of being shot down by the cracksmen in a passing train.

Miller was holding a second-hand dealer's barn. Miller was holding a blind horse in a stall and the chief afterwards learned from another crook, was preparing to shoot if he chanced to look in that direction. The officer, as it happened, spent a few minutes poking around in the junk on the opposite side of the barn and then passed out.

"I've enough on my mind now, without having this fellow go to prison thinking I sent him there," said Chief Appleby this morning. "Unless they want to pay my railroad fare up here and back so that I can have the equivalent of a trip, at least, they'll have to tell Miller that he was mistaken."

The bankrobber refused to reveal the identity of his two associates, despite all threats and offers to let him off easier if he would do so.

Wells Estate Decision: Edward Parker of LaPrairie, who is one of the heirs of the Wells estate is interested in the decision handed down by the U. S. supreme court yesterday denying the application for a writ of habeas corpus against the executors of an action against the executors to compel the payment of an inheritance tax approximately \$20,000.

The suit was instituted in the U. S. circuit court for the eastern district of Wisconsin. Judge J. V. Quarles decided for the estate and the U. S. circuit court of appeals at Chicago sustained his decision. The executors of the estate are: Isaac Stephenson, Horace A. J. Upham, J. A. Van Cleave, and James K. Isley. It is understood that the denial of the petition ends the proceedings.

Pay Day at Sugar Factory: Today was pay day for the employees at the Rock County Sugar Co.'s factory. Growers will be paid for their beets on Nov. 15 and Dec. 15.

Bible Class: The Senior Bible class, which is made up of the members of the senior class of the Y. M. C. A., organized and held its first meeting last evening. E. E. Birch is the leader and Edward Little was elected treasurer.

Meeting Wednesday: The regular meeting of the W. C. T. U. will be held at the Presbyterian church, Wednesday afternoon at three o'clock. The reports of the state and county conventions are to be given.

Baby Boy: Mr. and Mrs. J. R. Horn of 150 South Franklin are rejoicing over the safe arrival of an eight pound baby boy.

Auto Ran Over Dog: Sometime yesterday afternoon a little dog was run down by an automobile on the Court street hill. The unfortunate creature limped with a broken leg to the Court house park where it lay, suffering intensely, until midnight when someone called up the police department and had an end put to its anguish.

Automobile Party: A Stoughton automobile party consisting of 12 J. Falk, Carl Ide, Oscar Gorton, and Rob Rasmus, was registered at the Hotel Myers this noon. The tourists were on their way to the baseball game.

**GOOD FISHING NOW FOR FIRST TIME THIS SEASON**

Newton O. Gage and John Reed, Who Are Here from Lake Waubesa, Say Bass Are Biting at Last.

Owing to the dry spell and low water, perhaps, the past summer has been a poor one for the fishermen. But Newton O. Gage and John Reed, who are here today from Lake Waubesa, bring cheering news to all disciples of the pastime piscatorial. They say that white and black bass, pickerel and perch are now jumping crazy for any sort of bait. Mr. Reed pulled out a ten-pound pickerel the other day with just an ordinary anglerworm.

## MANY BUYERS PICK UP EXCELLENT CROPS

Fast Few Weeks Has Seen Much Activity in the

During the past few weeks there has been considerable buying done by some of the local packers of tobacco. One dealer has in the last three weeks purchased twenty-two hundred cases of tobacco from packers and farmers. Another reports the purchase of 820 cases. Some good sized sales are also reported.

E. S. Holmes reports 1300 cases of the packing of '07 bought from the Society of Equity at Madison. Also of 10 cases bought from an Evansville packer and 100 from an Stoughton dealer. Besides these he has purchased from farmers 200 cases and a thirty case lot from Westby.

In all his purchases amount to about twenty-two hundred cases. Sales of 622 cases of '06 and '07 have been made by him. Besides the purchases which he has made, Mr. H. W. Scott of Madison, with whom Mr. Holmes is interested has purchased 326 cases of '07.

The sale last week of 60 cases of '06 and 37 cases of '07 is reported by G. H. Hummel. Yesterday 74 cases of '07 were sold by him. His purchases from packers and others during the past week amount to 820 cases of '07.

M. F. Green shipped yesterday to Eastern firms, 100 boxes of '06 which sold at a good figure. His purchases amount to 1400 cases of '06 and '07 picked up from different parties. They are at present working sampling 1400 boxes.

It is reported that E. Hawkins has purchased 200 cases of '06 in Dane county.

Inquiries for damaged tobacco have been received from a Pennsylvania firm.

The Elgerton Reporter states that the buying movement is steadily on the decline, the large operators buying withdrawn their men from the field and the rush or the earlier crops being about over. It is probable that something better than a quarter of the crop has been lifted at fairly good prices but what will be realized for the rest of the packings is a matter of conjecture. The prices have ranged from eight to 11 and 2 cents.

## JANESVILLE FOLKS' CHICAGO REUNION

Former residents of this city and Rock county who have migrated to Chicago during the past forty years will be assembled in the metropolis at a reunion and dinner for Janesville Old Town folks, shortly after Thanksgiving Day. It is present plans do not miscarry. Fred G. Miner, one of the most loyal of the Pioneer City expatriates, and several others met this week and decided upon such an undertaking and Mr. Miner is mailing a stirring circular letter to all the Janesville people known by him to be in Chicago, asking for their cooperation and the names and addresses of all ex-townsmen known to them, regardless of age, sex, or "proving" of citizenship. Last year residents who could furnish information regarding relatives or acquaintances, formerly of this city, who are now located in Chicago are requested to communicate with Mr. Miner at 32 North State street. It is estimated that nearly two hundred people will be on the invitation list.

## ARE PREPARING FOR THE POULTRY SHOW

Chicken fanciers held meeting last night to perfect plans for exhibition.

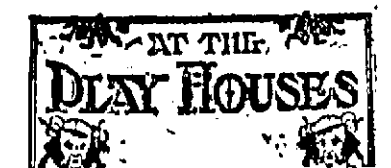

Last evening at McVene's Bros. store on South Main street, the members of the Southern Wisconsin Poultry Association of Janesville held a meeting to perfect plans for the poultry show to be held in this city from the 4th to 9th of next January. The club has been engaged for the exhibition and work on the premium lists and getting out the advertising is being carried forward as rapidly as possible. The meeting last night was called for the purpose of finalizing the premium lists and talking over other plans for the show.

The association now has about seventy-five members.

## FOREST FIRES IN VICINITY OF 680-ACRE TIMBER TRACT OWNED BY JANESVILLE MEN

And Located in Marathon County Have Not Done Any Considerable Damage as Yet, According to Reports.

With regard to a rumor to the effect that forest fires had destroyed a large portion of the timber on the 680-acre tract of forest land located in Marathon county, east of Wausau, and owned by Sanford Severhill, Milford Collins, S. H. Hodges, and the People's Coal Co., Mr. Severhill said this morning that the rumor, which recently broke out afresh, had done some damage there but that according to all reliable information it was not very serious up to the present time. The owners will probably take a trip north to investigate the situation within a few days.

"The Yankee Drummers" a Big Success

"The Yankee Drummers," the new musical production which the Lyman Twins are playing this season, has made a most decided hit everywhere as it is declared a distinct novelty in the musical comedy line of attraction which has become so popular.

It depicts a very clever and amusing story of a young drummer who loses his position through a mistake in ordering two cars of tin cans instead of two cases. He is known only as the Yankee drummer. However it involves the firm in a law-

suit and they put a Dutch detective on his trail. In the meantime the drummer is passing off as the son of Judge Goodall, a wealthy New Yorker, his real son having run away. The judge meets the drummer and thinking it's his son returning insists on him going home. The drummer is dumfounded at this turn of things, his protestations being of no avail. Then the real son appears on the scene followed by the detective looking for his prey and the screaming situations follow one another in rapid succession throughout the entire three acts.

The piece is handsomely staged and a select chorus of pretty girls add much together with the numerous jangling musical numbers given through the show go to make it one of the hits of the season.

The Lyman Twins will appear at Myers Theatre this evening.

## OBITUARY.

### Jean Rice

Jean Rice, the 10-months-old son of Mr. and Mrs. Colon Rice of the town of Johnston, died Sunday morning at the home of his parents. The remains were taken to Rockford yesterday for interment, funeral services being held in the chapel at the Rockford cemetery. The remains of Miss Rice, a younger brother of Jean who died sometime ago, were also taken to Rockford and interred yesterday.

## MOVE TURN TABLE TO KENDALL TODAY

Old Table at Northwestern Yards Placed on Flat Cars and Shipped Out.

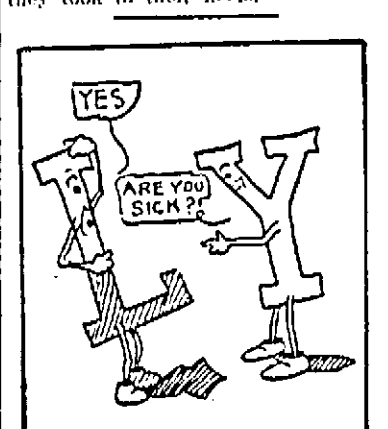

This morning the old turntable at the Janesville yards was taken out and placed on flat cars and will be sent from here to Kendall, where the roundhouse and equipment are being enlarged. To lift this table from its base and load it on to a flat car is a difficult task and without the use of a derrick it would be an almost impossible thing. All but the framework of the table was removed and then a sort of a bridge work with ties and rails laid on it was built up to within a foot of the center of the table. Onto this track the wrecker and derrick of the Madison division was switched and it was ready to do its work. Two large chains, which required eight men each to carry them, were put around the spans of the table and the crane of the wrecker pulled up. The hook of the derrick was then fastened to the two chains and the powerful little machine began its work. After lifting the table from the pit the derrick and crane were sunk about on a pivot and the table was deposited on the two cars which stood on an adjacent track ready for it. M. J. Ryan, superintendent of bridges and buildings, of Harvard, was here to superintend the work.

The old roundhouse is fast being torn down, large sections of the masonry being taken out every day. The method used for removing this is to fasten a heavy rope about portions of the walls, especially near the doors and windows where a hold can be secured and then have a force of men pull with all their might, accomplishing the work in a short time. The brick and the mortar are used to fill in the engine pits, and the brick that can be used again as well as the heavy timbers are saved for use again. The brick have been shipped a Calumet near Moline where five new stalls are being built on the roundhouse there.

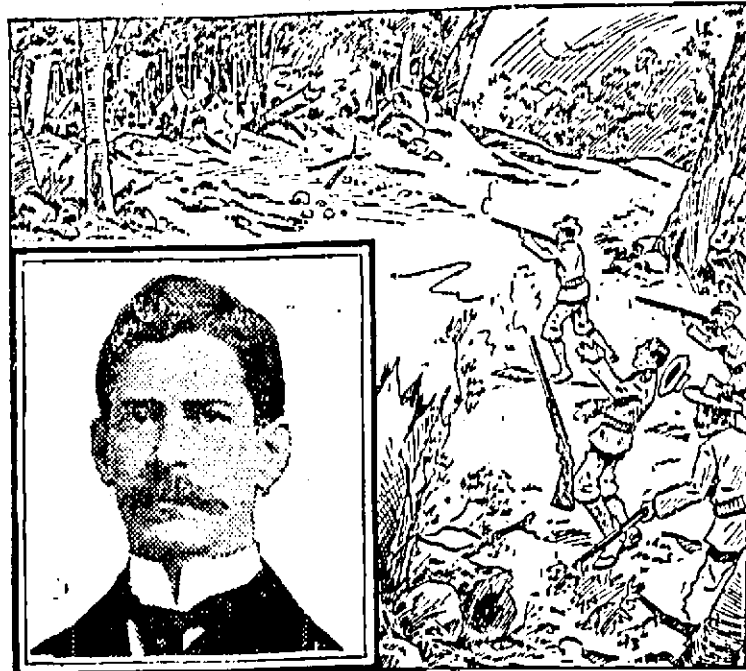

System is the way in which the tracklaying is being pushed forward and it is a system that is apparently all confusion. Here you may see a crew of men busy at work tending out the old tracks, a short distance from them perhaps will be another gang which will be laying new tracks. Following the tracklayers will be the men who are ballasting the track for use as soon as possible. Two engines are kept busy spotting cars for unloading rails and ties and for taking away the loads of material taken from the old house.

Pair of Bold Tramps: As Mrs. Richard Murphy and Mrs. Lawrence passed the former's home on Pleasant street this afternoon, two men left the railroad track and entered the yard. The tramps refused to stir from the premises until the police were sent for. Upon hearing the ladies telling a boy to run to the station, they took to their heels.

## No Middleman's Profit

There are many articles that you can buy here at prices lower than you would expect to pay because you have been paying more elsewhere. I have made it a rule to buy most of my goods direct from importers and manufacturers and not paying the jobber's or middleman's profit. In many cases this cannot be done unless large quantities are purchased so I have formed an alliance with two other dealers, one in Beloit and one in Rockford and where it is necessary to buy in large quantities one purchase is made for the three stores. On imported goods this alliance gives us a great advantage. To illustrate: We purchased a good quantity of fine china at a remarkably low price by buying in large lots and are able to offer this to the public at prices remarkably low, considering the quality of the goods. A brief description of a few pieces will make this plain to you.

I offer at \$1.00 a fine imported China Salad, 10 to 12 inches in diameter, deep bowl, beautifully painted in floral, fruit and other handsome designs, with burnished gold and old Roman gold borders, a dish fully worth \$1.50 to \$2.00 if bought through jobbers. There are at least 50 different designs to select from.

I have also imported Hand Painted China Plates and Wall Plaques, designed in Marchionette, rose patterns with exquisitely tinted backgrounds and Roman gold borders, works of art, which must be bought in quantities in order to get a reasonable price. I have a good assortment in four sizes—50c, 85c, \$1.00 and \$1.25. I also have Cups and Saucers as well as Sugar and Creamers to match.

There is another lot of beautiful Cake Plates, hand-some designs, at \$1.25 each. I have many beautiful hand painted pieces at a range in prices from 50c to \$2.00.

There are some very artistic designs in Chocolate Sets that make excellent Christmas gifts.

In the less expensive Cake Plates and Salads I offer a large selection of fine imported china in a range of prices 25c to 75c.

In every item of this announcement there is a saving to you of the middleman's or jobber's profit, as well as a saving in freight, as the goods come direct from the manufacturer to me and I know that, on smaller pieces bought in other places they ask double the price I get.

**NEW GLARUS**  
New Glarus, Oct. 18.—Early this morning the sad news spread all over town that during the night Jacob Hueber died of heart trouble. He was a butcher by trade and known by everybody for miles around. His health was poor for many months, but he was a hard-working man attended to business up till Saturday night. His age was about 35 years and has been married for 8 years. He leaves a wife and one girl, about six years old. The funeral will take place Tuesday at 1 o'clock at the Swiss Re. church. May he rest in peace.

**Moon Catches the Shadow.**  
When the moon is eclipsed by the earth it is the eastern side of the satellite, or the left hand side as we look at it from the north, that first enters the shadow. This is because the moon travels faster than the shadow of the earth and, overtaking it, passes through.

**Hypothetical Question.**  
"Daddy," said the three-year-old, "what would you do if you loved me just as much as you do and didn't have any children only sister?"

## Remnant Sale, Friday, Oct. 23rd

Our great fall Remnant Sale will take place this week Friday. Doors open at 8 o'clock

Hardly necessary to say much, only that included in the sale will be Remnants from most of the departments in the store.

DRESS GOODS	GINGHAMS	WHITE GOODS
CLOAKINGS	OUTINGS	TOWELING
WAISTINGS	SHEETINGS	EMBROIDERIES
SILKS	CALICOES	TRIMMING
VELVETS	PERCALES	LACES
RIBBONS	SHIRTINGS	WASH GOODS
LININGS	DAMASKS	SILKOLINES
DENIMS	DRAPERIES	UPHOLSTERY GOODS

At about half price, some less than half price, is the way we mark Remnants. It means a large loss to us now, but a benefit in the long run, as it turns the ends of pieces into money, and strengthens us in the minds of the people because we do even better than we advertise and make the saving so great that our sales are looked forward to with much interest.
